Addendum No. 1

Addendum: This addendum is to clarify that offerors may also propose to engage in enrollment activities in addition to outreach and education activities. Any individuals proposed for engaging in enrollment activities will be required to be certified by the NMHIX and the Office of Superintendent of Insurance as a Health Care Guide or a Certified Application Counselor and those individuals must complete all required training and undergo background checks. Any contractor providing enrollment activities will be required to utilize NMHIX designated dashboard reporting to track all activities.
