affordable health
insurance for your
small business.

Affordable health insurance options. Made easy!

Enrolling is as easy as 1, 2, 3.

You already know that healthy employees make a company stronger and more productive. But did you know beWellnm for Small Business can help make it happen with a choice of affordable health insurance options and Premium Tax Credits? Plus, if your employees do not have health insurance, they may be subject to tax penalties. Our broker/agents can help you compare plans and benefits and give you expert, personalized advice. And they'll show you how easy it is to enroll.

Benefits of providing health coverage for your employees

- Help your organization attract and keep valuable workers. That saves you money on recruiting and training.
- Help keep employees healthy and more productive by encouraging preventive care and screenings. And employees will be less stressed since they don't have to worry about having insurance.
- Take a tax deduction for the cost of health insurance premiums paid on behalf of employees.
- Receive a small business health care tax credit worth up to 50% of your premium costs if you have fewer than 25 employees. This credit is available only to employers who purchase plans through beWellnm for Small Business.
- Avoid penalties for not offering affordable coverage to employees. Penalties apply to employers with 50 or more full-time employees (including full-time-equivalent employees). Small employers with fewer than 50 employees do not have to pay penalties.

Yes, I would like to know more about no or low cost health coverage options for my Small Business.
