Federal changes are impacting your coverage.

Dear BeWell Customer,

We recently notified you of federal changes ending your eligibility for coverage through BeWell on 9/30/25 and the newly created **DACA Coverage Bridge Initiative** to keep you insured and help pay for your coverage.

The New Mexico Health Care Authority (HCA) has been working with insurance carriers, and it is time for you to take action to transfer your coverage. Through this program, you will be able to transition to a Clear Cost health plan for the rest of 2025. The program will cover the cost of monthly premiums and deductibles.

Next Steps:

Call your current insurance carrier and say you eligible for the **DACA Coverage Bridge Initiative**. Here is your carrier's information

1. Contact United Healthcare at 800-276-9071.
2. Visit www.hca.nm.gov/daca-coverage-bridge to learn more about this program, how long your coverage will last and more frequently asked questions.
3. If you have a broker, they may be able to support you with next steps.

Take action now! Don't risk having a gap in your coverage, enroll with your carrier by September 30th for coverage October 1st.

While BeWell cannot help you enroll outside of the marketplace, we are grateful the **DACA Coverage Bridge Initiative** will allow you to keep your insurance for the rest of the year
