

Login and Update Your Info

Let's make sure you
can renew your
health insurance
coverage for 2026

It's almost time to see the new and improved customer portal! Big changes are on the way, and we need to make sure your contact information is correct.

Please [log in and confirm](#) or update your mailing address, phone number, email and your communications preferences.

Then be on the lookout for an email with the title "A Better BeWell is Here, Access Your New Account". If you have chosen to receive regular mail, you will be getting a bright purple envelope to your address with your access code.

On November 1st, the first day of Open Enrollment, you will be able to use your access code to claim your account in the new system. You will need to set up a new username and password, but the rest of your information will be preloaded in the system.

We can't wait! If you have questions about enrollment or plans being offered in 2026, we can help for free! [Connect with a certified assister](#) in your area who can go over your questions about the different plans,

what subsidies you may qualify for and more.
